To begin with, I think that everyone must keeping feet and care of your health.

I consider, that some young people today are not healthy for many reasons. Well, a lot of people prefer stay at home and using their smartphones, computers to walking with friends or doing sports. Some people prefer unhealthy food to healthy food. I think that fast foods, fizzy drinks and other unhealthy food: destroy our body and health. In the past time, people eat useful food and doing sports more than nowadays

In conclusion, I advice modern people have to doing sports, take a vitamins and keeping feet to stay healthy.
