80 Writing. 285 205

Robert Frost. "The Road Not Taken" and/or other poems.

I believe our library should have a book with Robert Frost's works. I've read only one poem written by him: "The Road Not Taken". However, I think that it's a good idea to group his works into a book.

From now, I'll speak only about a certain poem. I like "The Road Not Taken" because it's about the problem of choice that's important to everybody.

I've read the poem in English because nobody of translators could convey everything that is shown by the author.

I believe my school library should have this book because the poem has impressed me and it's fantastic.

To sum up, I hope that somebody'll read this interesting poem.
