'Pride and Prejudice' by Jane Austen.

One of my favorite books is an English masterpiece by Jane Austen. I do ^{this} love it because it shows how it is important to listen to each other and be understandable. The main female character is such a confident woman who is not afraid of expressing her own opinion. Even though I ~~liked the~~ I like the male character too, I still believe that Elizabeth is a brilliant of this book, because she is so inspiring. I read this book twice and only in English. I do not think that I want to read it in Russian. Not only can you practice or even improve your skills by reading in English, but it is also more interesting. I am convinced that my school library should have 'Pride and Prejudice' both in English and in Russian. It is a golden classic.
